

# CUSTOM STAINLESS POLISHING FOR ARCHITECTURAL APPLICATIONS

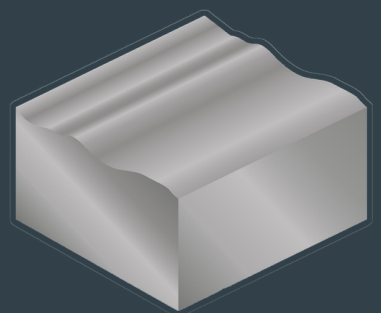

Guy Metals is a full-line stainless steel distributor that specializes in ultra-fine polishes for sheet, plate, bar and tube. We deliver custom stainless polishing for a range of architectural applications.

SUPER4 (SINGLE DIGIT RA) is our patented alternative to traditional #4. It delivers a consistent finish that can be matched to sheet, plate, bar and tube.

SUPER4 (SINGLE DIGIT RA)

vs.

2B (12-20RA)

## Quality you can trust

We inspect every piece of metal we send out.

Stainless processed onsite to reduce excess handling and risk of contamination.

Cutting processes that maintain finish integrity.
